

m/s Amadeus Elegant

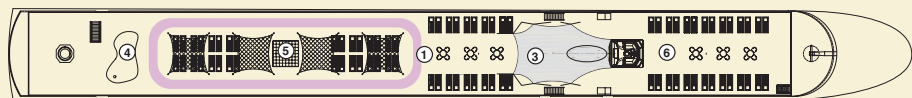

River cruises on Europe's most beautiful waterways

Spend memorable hours on the AMADEUS ELEGANT and wallow in every conceivable comfort that European inland passenger ships have to offer. The famous Dutch shipyard De Hoop can take full credit for the design and construction of the unmistakably luxurious river craft. The trademark of the AMADEUS vessels as a whole is, however, their noble and spirited design. Like a leitmotif it visibly pervades their every corner and, combined with their stylish interior decor, turns each vessel into a perfect oasis of well being for your voyage of discovery across Europe. 80% of the cabins having magnificent panoramic windows and French balconies. All this naturally applies to the eight suites on the Mozart-Deck, whose occupants have a veritable oasis of even greater luxury with a spacious floor area of 22 m² (236 sq.ft.). The elegance extends seamlessly into the public areas, especially to the AMADEUS-Club, restaurant and the Panorama Bar. Sportingly inclined passengers can take some exercise in the fitness studio or on the putting green. Enjoy state of the art furnishings and fittings that meet the highest imaginable standards.
